

## Fighting Big Money, Empowering People: An Oregon Agenda

*As Oregonians, we share a strong tradition of independent government run of, by and for the people. We expect our government to serve us based on the consent of the governed, with voters, not money, driving decisions. We will not stand by and allow the corrosive influence of big money in politics and the corrupting force of partisan politics to go unchecked, drowning out the voice of the people and undermining confidence in government. We expect leadership that puts voters back at the center of our democracy.*

Oregon lawmakers should commit to these five principles of democracy:

1. Everyone participates;
2. Everyone’s voice is heard;
3. Everyone knows who is trying to influence our views and our representatives;
4. Everyone plays by fair, common-sense rules;
5. Everyone is held accountable, with enforceable penalties to deter bad behavior.

*If elected, will you endorse, prioritize and work aggressively to:*

	<u>YES</u>	<u>NO</u>
<b>LIMIT THE INFLUENCE OF BIG MONEY</b> in Oregon politics, first by supporting a state constitutional amendment to authorize limits, then by setting an upper ceiling on how much a candidate can receive from a single contributor.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<b>MAKE EVERYONE’S CONTRIBUTION MATTER</b> by establishing a public financing system in Oregon that amplifies small campaign contributions while reducing the reliance on large contributions.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<b>ENSURE FULL TRANSPARENCY</b> , supporting removal of state constitutional barriers to transparency, then strengthening laws that shine a light on secretive political giving, by requiring “paid for by” statements on campaign ads and full disclosure of pass-through donations so that voters can “follow the money.”	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<b>PROTECT EVERYONE’S RIGHT TO VOTE</b> , in a modern, efficient, accurate and convenient state voting system that encourages participation, and discourages voting disparities based on race, age, geography or other demographics. Specifically, this includes expanding on New Motor Voter and opposing policies that make voting or voter registration more difficult.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<b>PREVENT GERRYMANDERING</b> , that skews the relative voting strength of whole communities for partisan or incumbency advantage by putting Oregon’s redistricting process in the hands of a nonpartisan citizen’s commission and making the process fully transparent.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<b>FIX THE FEDERAL LEVEL</b> , calling for a federal constitutional amendment to restore the ability of Congress and the states to set reasonable limits on the raising and spending of money to influence elections, including distinguishing between corporations and real persons.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

## COMMENT

As the daughter of migrant farmworkers, I have seen firsthand the importance of protecting voting rights, and making voting as accessible as possible. I can see that our current campaign finance system is broken, and that too many people do not have their voices heard in our elections process. That's why I am working hard in my campaign to build grassroots support from members of my community. As a State Representative I will support efforts to level the playing field between individual voters and large donors in future cycles, so that the voices of everyone in our communities can be heard and represented.
