

## Fighting Big Money, Empowering People: An Oregon Agenda

*As Oregonians, we share a strong tradition of independent government run of, by and for the people. We expect our government to serve us based on the consent of the governed, with voters, not money, driving decisions. We will not stand by and allow the corrosive influence of big money in politics and the corrupting force of partisan politics to go unchecked, drowning out the voice of the people and undermining confidence in government. We expect leadership that puts voters back at the center of our democracy.*

Oregon lawmakers should commit to these five principles of democracy:

1. Everyone participates;
2. Everyone’s voice is heard;
3. Everyone knows who is trying to influence our views and our representatives;
4. Everyone plays by fair, common-sense rules;
5. Everyone is held accountable, with enforceable penalties to deter bad behavior.

*If elected, will you endorse, prioritize and work aggressively to:*

	<u>YES</u>	<u>NO</u>
<b>LIMIT THE INFLUENCE OF BIG MONEY</b> in Oregon politics, first by supporting a state constitutional amendment to authorize limits, then by setting an upper ceiling on how much a candidate can receive from a single contributor.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<b>MAKE EVERYONE’S CONTRIBUTION MATTER</b> by establishing a public financing system in Oregon that amplifies small campaign contributions while reducing the reliance on large contributions.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<b>ENSURE FULL TRANSPARENCY</b> , supporting removal of state constitutional barriers to transparency, then strengthening laws that shine a light on secretive political giving, by requiring “paid for by” statements on campaign ads and full disclosure of pass-through donations so that voters can “follow the money.”	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<b>PROTECT EVERYONE’S RIGHT TO VOTE</b> , in a modern, efficient, accurate and convenient state voting system that encourages participation, and discourages voting disparities based on race, age, geography or other demographics. Specifically, this includes expanding on New Motor Voter and opposing policies that make voting or voter registration more difficult.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<b>PREVENT GERRYMANDERING</b> , that skews the relative voting strength of whole communities for partisan or incumbency advantage by putting Oregon’s redistricting process in the hands of a nonpartisan citizen’s commission and making the process fully transparent.	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<b>FIX THE FEDERAL LEVEL</b> , calling for a federal constitutional amendment to restore the ability of Congress and the states to set reasonable limits on the raising and spending of money to influence elections, including distinguishing between corporations and real persons.	<input checked="" type="checkbox"/>	<input type="checkbox"/>

## COMMENT

Campaign finance reform and keeping big money out of politics should be a priority of every Oregonian who cares about the welfare of our state and the longevity and sustainability of its character and essence. We are a state made up of a diversity of views and positions but these are second to what makes us one, our identity as Oregonians. We must protect the sanctity of our democracy in this state and do so through transparency and accountability. Fight Big Money Oregon has outlined a few of the very important strategies we must undertake to see these goals to fruition. I am proud to be an Oregonian because we lead the nation in a consciousness of these ideals of governance, and it is only in having such ideals that we can become more perfectly one. Let us all endeavor to achieve the beauty and truth that is the subject of politics and make for ourselves a future ruled by consensus, mutual benefit, and inclusion.
