

# **EXHIBIT 4**

**DECLARATION OF CALEB D. TREVINO**

- 1) I am over 18 years of age and am competent to testify. I submit this declaration in support of a Motion to Intervene in this case.
- 2) I was born in Mexico and became naturalized as a U.S. Citizen as a young child.
- 3) I live in Arizona where I graduated from Arizona State University with a bachelor's degree in supply chain management in 2022.
- 4) I registered to vote in 2018 and have consistently exercised my right to vote since then. Voting is fundamental to ensuring that my voice is heard, and I actively encourage others in my community to participate in their civic duty.
- 5) I was not able to vote in the 2024 election because I was moving within Arizona and my voter registration was not processed before the deadline. It was unclear to me if I was eligible for a provisional ballot.
- 6) Despite this I try to make sure that my information is always accurate and up to date.
- 7) I currently work as a Marketing Consultant for a legal firm in Arizona. Civic engagement, civil rights and voter privacy are a priority of mine.
- 8) I am very protective of my personal information. It is frustrating enough already to feel like you have any privacy as an individual with everything requiring you to give out your personal information. I take significant precautions to protect my personal data and do not share details such as my Social Security number, and rarely even give out my email, over the phone or when filling out forms or in any instance.
- 9) Due to my experiences, I am deeply concerned about the potential disclosure of my sensitive personal information from Arizona's voter rolls to the U.S. Department of Justice. The lack of clarity regarding how this information will be used and safeguarded raises serious privacy and security concerns.
- 10) Voting is a private and fundamental right, and individuals must feel secure and free from fear when exercising it. The Department of Justice's request for voter data threatens not only my privacy and personal freedoms but also those of other Arizona voters.

I declare under penalty of perjury that the foregoing is true and correct according to the best of my knowledge, information, and belief.
