

# Let's Work Together for Fair Redistricting

**Who:** CA Common Cause is a nonpartisan, grassroots organization dedicated to restoring the core values of American Democracy, reinventing an open, honest, and responsive government that works for the public interest, and empowering ordinary people to make their voices heard.

**What:** To work with residents and coalition allies to establish an independent redistricting commission to draw the new Menlo Park City Council district lines using 2020 Census data.

**Why:**

We believe that voters should choose their politicians, politicians should not choose their voters. We want redistricting done by the people and for the people.

City Council district lines need to be drawn through a fair, transparent, assessable public process led by an independent commission of diverse Menlo Park residents.

**How:**

Sign up for our Zoom educational forums on redistricting. Help us spread the word to all the residents of Menlo Park you know! Help us establish an independent redistricting commission. If a redistricting commission is established, apply to serve!
