

# Let's Work Together for Fair Redistricting

**Who:** CA Common Cause is a nonpartisan, grassroots organization dedicated to restoring the core values of American Democracy, reinventing an open, honest, and responsive government that works for the public interest, and empowering ordinary people to make their voices heard.

**What:** Join us and build a coalition and leadership roundtable of organizations and community leaders to establish an independent redistricting commission to draw the new district lines for Santa Clara from the 2020 census data.

**Why:** We believe that voters should choose their politicians, politicians should not choose their voters. We advocate for redistricting done by the people and for the people, by ensuring city council district lines are drawn through a fair, transparent, accessible public process led by an independent commission of diverse Santa Clara residents.

**How:** We can work together to: Launch outreach and education on a fair redistricting process for the residents of Santa Clara. Build our coalition and leadership roundtable. Get elected officials to go on record supporting and work to establish an independent redistricting commission!!
