Hawaii Votes By Mail

Starting with the 2020 Elections, voting in Hawaii will be by mail ONLY. Registered voters will no longer vote at traditional polling places.

1. A registered voter's ballot will be mailed to his / her voter registration address at least 18 days before the Primary Election and Election Days.

2. Make sure you are registered to vote or you can even register to vote online at: https://olvr.hawaii.gov.

3. You can also register to vote and cast a ballot at Voter Service Centers, which are open 10 days prior to Primary Election and Election Days.

commoncause.org/hi  Facebook.com/CommonCauseHawaii  @CommonCauseHI
Complete your ballots once you receive them in the mail and mail them back. No stamps will be needed. Mailed ballots must be received by 7 pm on Primary Election and Election Days.

If you are voting in-person at a Voter Service Center, you may wait in-line even if it is after 7 pm to cast your ballot.

Find where your Voter Service Center is and request more Voter Service Centers by contacting your County's Election Division:

If you don’t receive your ballot in the mail, call 808-453-VOTE or email elections@hawaii.gov or contact your County's Election Division:
