

A Voice for All Oregon

Small Donor Elections Campaign to Pass Small-Dollar Campaign Matching Fund Reform

This campaign is about equity, justice and representation in our democracy. We seek to pass a small-dollar matching fund program for state-level elections to put voters at the center of our democracy, reducing the power of wealthy special interest money, and amplifying the ability of all Oregon communities to have a meaningful voice and representation in state government.

- YES, sign us on as part of this coalition and this campaign.**
(This is not an endorsement of specific bill language, but rather opting in to support this reform effort broadly.)
