

PINK SLIP

NOTICE OF TERMINATION

For: Elon Musk

Please return all government property, including servers, taxpayer personal information, and classified materials immediately.

 **Common Cause**

On behalf of your constituents, I am calling on you to uphold your oath to “support and defend the Constitution of the United States against all enemies, foreign and domestic.”

Elon Musk is a clear and present danger.

He’s unelected by the voters. Unconfirmed by Congress. And completely unaccountable. His so-called “DOGE commission” is not legal. And you have a duty to uphold your responsibilities under Article 1 of the Constitution to regain control of our government from this oligarch.

Fire Elon Musk. Now.
